NORTEL NETWORKS INC. et al (DEBTORS-IN-POSSESSION) NOTES TO MONTHLY OPERATING REPORT No. 37 (UNAUDITED) (In millions of U.S. dollars)

1. Reservation of Rights:

Nothing contained in this Monthly Operating Report shall constitute a waiver of any of the rights of the Debtors (as defined herein) or an admission with respect to their Chapter 11 Proceedings (as defined herein), including, but not limited to, matters involving objections to claims, substantive consolidation, equitable subordination, defenses, ultimate allocation of proceeds from sales among debtor estates, characterization or re-characterization of contracts, assumption or rejection of contracts under the provisions of chapter 3 of title 11 of the United States Code ("Bankruptcy Code") and/or causes of action under the provisions of chapter 5 of the Bankruptcy Code or any other relevant applicable laws to recover assets or avoid transfers.

2. Background and Organization:

Prior to Nortel's significant business divestitures, Nortel Networks Corporation ("NNC") and its subsidiaries (collectively "Nortel"), including the U.S. Debtors (as defined below), were a global supplier of end-to-end networking products and solutions serving both service providers and enterprise customers.

Creditor Protection Proceedings - On January 14, 2009 ("Petition Date"), Nortel Networks Inc. ("NNI"), Nortel Networks Capital Corporation ("NNCC") and certain other of Nortel's U.S. subsidiaries, initiated Creditor Protection Proceedings in the U.S. Bankruptcy Court for the District of Delaware ("U.S. Court") under the Bankruptcy Code ("Chapter 11 Proceedings"), several of our Canadian affiliates ("Canadian Debtors"), including our ultimate parent company, NNC, initiated Creditor Protection Proceedings in Canada at the Ontario Superior Court of Justice ("Canadian Court") under the Companies' Creditors Arrangement Act ("CCAA"), and several of our affiliates in Europe, Middle East and Africa ("EMEA") ("EMEA Debtors") initiated Creditor Protection Proceedings in the United Kingdom under the Insolvency Act 1986. Subsequently, creditor protection proceedings were commenced for certain affiliates in other jurisdictions, including Israel and France. On July 14, 2009, Nortel Networks (CALA) Inc. ("NNCI"), an affiliate of NNI, initiated Chapter 11 Proceedings. On July 17, 2009, the U.S. Court entered an order that provided for the joint administration of NNCI's case with the pre-existing cases of the other U.S. Debtors. As a result, NNCI is included as a Debtor in the financial statements herein. Collectively, all entities under the Creditor Protection Proceedings are referred to as the "Debtors". Those entities operating in Chapter 11 Proceedings are referred to as the "Debtors in Possession" or the "U.S. Debtors." During the Creditor Protection Proceedings, the Debtors continue to operate under the jurisdictions and orders of the applicable courts and in accordance with applicable legislation.

As of March 31, 2012, the U.S. Debtors consisted of the following entities:

U.S. Debtors	Case no.
Nortel Networks Inc.	09-10138
Nortel Networks Capital Corporation	09-10139
Nortel Networks International, Inc.	09-10150
Nortel AltSystems, Inc.	09-10140
Nortel AltSystems International, Inc.	09-10141
Architel Systems (U.S.) Corporation	09-10149
CoreTek, Inc.	09-10145
Nortel Networks Applications Management Solutions Inc.	09-10146
Nortel Networks Cable Solutions Inc.	09-10152
Nortel Networks Optical Components Inc.	09-10147
Nortel Networks HPOCS Inc.	09-10148
Northern Telecom International Inc.	09-10151
Qtera Corporation	09-10144
Sonoma Systems	09-10143
Xros, Inc.	09-10142
Nortel Networks (CALA) Inc.	09-12515

Under the Bankruptcy Code, the U.S. Debtors may assume, assume and assign, or reject certain executory contracts including unexpired leases, subject to the approval of the U.S. Court and certain other conditions.

The accompanying unaudited condensed combined Schedule of Cash Receipts and Disbursements and Balance Sheet ("financial statements") do not include the effects of all current or future claims relating to the Creditor Protection Proceedings. Certain claims filed may have priority over those of the U.S. Debtors' unsecured creditors. The Debtors are reviewing all claims filed and have commenced the claims reconciliation process. Differences between claim amounts determined by the Debtors and claim amounts filed by creditors will be investigated and resolved pursuant to a claims resolution process approved by the relevant court or, if necessary, the relevant court will make a final determination as to the amount, nature and validity of claims. Certain claims that have been filed may be duplicative (particularly given the multiple jurisdictions involved in the Creditor Protection Proceedings), based on contingencies that have not occurred, or may be otherwise overstated, and would therefore be subject to revision or disallowance. The settlement of claims cannot be finalized until the relevant creditors and courts approve a plan. In light of the number of creditors of the Debtors, the claims resolution process may take considerable time to complete.

For further information on matters preceding the filing of this Monthly Operating Report, users should refer to prior Monthly Operating Reports. Users are also referred to the Bankruptcy Court docket for these Chapter 11 Proceedings.

3. Basis of Presentation:

The financial statements contained herein were not intended to reconcile to any financial statements otherwise prepared or distributed by the U.S. Debtors or any of the U.S. Debtors' affiliates. Significant efforts have been put forth to attribute the assets and liabilities to the proper legal entity. However, because the Debtors' accounting systems, policies, and practices were developed with a view to producing consolidated reporting, rather than by legal entity, it is possible that not all assets or liabilities have been recorded at the correct legal entity. Accordingly, the U.S. Debtors reserve all rights to supplement or amend any financial statements contained in this Monthly Operating Report.

The Monthly Operating Report is limited in scope, covers a limited time period, and has been prepared solely for the purpose of complying with the monthly reporting requirements of the Bankruptcy Court and the United States Trustee. The information presented herein has not been subject to all procedures that would typically be applied to financial information presented in accordance with U.S. Generally Accepted Accounting Principles ("U.S. GAAP"). The Statement of Cash Receipts and Disbursements presents a summary of the cash activity for the period and does not include the impact of future cash flows related to assets and accrued liabilities in conformity with U.S. GAAP. Any differences between the ending book balance and bank balances reflected on MOR 4B would generally be attributable to outstanding checks and in-transit items. The U.S. Debtors caution readers not to place undue reliance upon the information contained in this Monthly Operating Report. The results herein are not necessarily indicative of results which may be expected from any other period or for the full year and may not necessarily reflect the combined results and financial position of the U.S. Debtors in the future.

As part of their restructuring efforts, the U.S. Debtors are reviewing their assets and liabilities on an ongoing basis, including without limitation with respect to intercompany claims and obligations, and nothing contained in this Monthly Operating Report shall constitute a waiver of any of the U.S. Debtors' rights with respect to such assets, liabilities, claims and obligations that may exist.

The financial statements contained herein represent the unaudited condensed combined financial statements for the U.S Debtors only. The U.S. Debtors have sold all of their operations and business units, and so this Monthly Operating Report does not contain a Statement of Operations or a Statement of Cash Flows as included in previous Monthly Operating Reports. Instead, this Monthly Operating Report includes a Schedule of Cash Receipts and Disbursements. The U.S. Debtors' non-Debtor subsidiaries are treated as non-consolidated subsidiaries in these financial statements and as such their net assets are included as "Investments in non-Debtor subsidiaries" in the balance sheet. The U.S. Debtors' financial statements contained herein have been prepared following the guidance in Financial Accounting Standards Board Accounting Standards Codification 852 "Reorganizations".

The financial statements have been derived from the books and records of the U.S. Debtors. The presentation combines the U.S. Debtors into two Reporting Groups consistent with the companies' ownership structure with consideration to its status as operating or non-operating and activities as follows:

- NNI Reporting Group: Nortel Networks Inc. and its U.S. Debtor subsidiaries Nortel Networks Capital Corporation, Nortel Networks Cable Solutions Inc., Nortel Networks International, Inc., Nortel Networks Optical Components Inc., Nortel Networks HPOCS Inc., Nortel Networks (CALA) Inc., Northern Telecom International Inc. and Qtera Corporation; and
- All Other Reporting Group: Nortel AltSystems, Inc., Nortel AltSystems International, Inc., Architel Systems (U.S.) Corporation, CoreTek, Inc., Nortel Networks Applications Management Solutions, Inc., Sonoma Systems and Xros Inc.

4. Liabilities Subject to Compromise:

The following tables set forth the U.S. Debtors' estimated liabilities subject to compromise as of March 31, 2012:

	 NNI		All Other	
Trade and other accounts payable	\$ 168.6	\$	0.2	
Accounts payable intercompany	333.6		37.7	
Restructuring liabilities	149.9		0.4	
Contingent liability for NNI's debt guarantee	3,936.1		-	
Long-term debt	174.5		-	
Financial obligations	40.5		-	
Pension obligations	437.9		-	
Postretirement obligations other than pensions (1)	247.9		-	
Notes and interest payable intercompany	-		124.6	
Other	29.1		_	
Total liabilities subject to compromise	\$ 5,518.1	\$	162.9	

⁽¹⁾ While the estimated liabilities reflect actuarial assumptions based on benefit plans currently in effect, the U.S Debtors reserve the right to modify or terminate such benefit plans as permitted under applicable law. The U.S. Debtors estimate that it would cost approximately \$19.3 to continue to provide all non-pension postretirement benefits (including, but not limited to, those benefit plans included in the calculation of the estimated liability above) at their current levels through the end of fiscal year 2012. The actual fiscal year 2012 liability will vary depending on claims costs, changes in the covered population and other factors.

5. Cash Receipts and Disbursements:

Other receipts of \$.3 for NNI for the month ended March 31, 2012 primarily includes \$.08 received from Bay Networks Portugal subsidiary of NNI liquidated in March 2012, \$.06 various state tax refunds, and \$.03 preference settlements from Focus Legal Solutions, LLC and Sourcefire, Inc..

6. Divestiture Proceeds Held in Escrow Pending Allocation

As of March 31, 2012, approximately \$7,318.8 of the net proceeds (the "Escrow Funds") generated through the completed sales of businesses and certain other assets are being held in escrow accounts at JPMorgan Chase Bank, N.A. ("JPM"). The Escrow Funds are being held by JPM pending the allocation of such funds among various Nortel entities, including without limitation, one or more of the Canadian Debtors and one or more of the EMEA Debtors. The amount of the Escrow Funds that will be allocated to the U.S Debtors is not yet known. Below is a list of the escrow accounts held at JPM:

Business/Asset Sale	Escrow Balance		
CDMA	\$	1,053.2	
Layer 4-7		18.1	
Packet Core		10.4	
Enterprise Solutions		856.9	
Optical Networking and Carrier Ethernet (MEN)		624.8	
GSM		114.8	
CVAS		144.6	
MSS		42.3	
Patents and Patent Applications		4,453.7	

In addition to the Escrow Funds, \$27.4 are being held in various escrow accounts at JPM, Wells Fargo, N.A. and Citibank, N.A. in the name of certain Nortel entities and the respective purchasers of the businesses, which escrows were established in connection with the closing of the sales of the businesses, as required by the sale agreements for those transactions to secure certain obligations thereunder and ancillary to the sales.

- (1) NNI is the centralized disbursement entity for multiple U.S. Debtors and non-Debtors and accordingly makes payments, both by wire and checks, for multiple U.S. Debtors and non-Debtors. Individual U.S. Debtor disbursements have been separated from NNI and listed under specific individual U.S. Debtors. However, disbursements made for the benefit of NNI as well as other U.S. Debtors and/or non-Debtors are still consolidated with NNI for financial reporting purposes.
- (2) Cash distributions for All Other in the Schedule of Cash Receipts and Disbursements include \$.3 for Nortel Altsystems, Inc. which was disbursed to NNI. As this was a distribution between U.S. Debtor entities, this distribution has been excluded from this Schedule of Cash Disbursements by Petitioning Entity which is used for the U.S. Trustee fee calculation.
